TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
Raleigh, October 22d, 1873,

WHEREAS, The people of North Carolina have been abundantly blessed during the past year, and the earth hath yielded bountifully of all the products of its soil so that the garners of the husbandman are filled to overflowing; and the industrious mechanic has realized a rich reward for his labor, and every class of our population prospered in all laudable enterprises; and WHEREAS, above all, fraternal feelings and good will have in a great measure been restored in our midst, and no plague, pestilence or famine, has visited our State: Now, therefore, as it becomes us, a grateful people, to render thanks to Almighty God for these and numberless other blessings showered upon us in His great mercy, I, Tod R. Caldwell, Governor of North Carolina, in obedience to law and in conformity with an honored precedent, do appoint and set apart

Thursday, November 27th, 1873,

as a day of public Thanksgiving throughout the State; and I do earnestly invite the clergy of every denomination to open their respective houses of worship on said day, and to exhort their congregations to humble themselves before the throne of the ever living God, and render unto Him praises which are justly due, invoking for themselves, their State and their whole country, His guidance and protection throughout all time to come.

"O come, let us sing unto the Lord, let us make a joyful noise to the Rock of our salvation."

"Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms."

The Evening Post.

WILMINGTON, N. C.

Thursday, November 20th, 1873.

THE GOVERNOR'S MESSAGE.

His Excellency, the Governor, sent his message to the General Assembly on Tuesday, according to custom. It is a long instrument, and would make twelve columns in the Post. We will give a brief synopsis of this important instrument to-day. There are many important suggestions in it. After the congratulatory portion, wherein his Excellency refers to the prosperity of the State and its freedom from pestilence and diseases, he refers to the.

STATE DEBT AND FINANCES,

stating that there is no change in the status of the debt. The debt amounts to something over thirty-eight millions of dollars. After paying a tribute to the honor of the sons of North Carolina, he appeals to the Legislature to ascertain what ought to be paid and then see the creditors and learn how they can be paid. He is utterly opposed to repudiation and very truly says that it will wither our present prosperity and "blight our future prospects; it will subject us to the scorn and contempt of all the great nations of the earth; it will expose us to the derision of our sister States; and it will utterly destroy our manhood, and leave us without even our own self-respect."

On the subject of

EDUCATION,

the Governor is sound. He urges the Legislature to establish schools for both races, and to educate the masses. When the State is in a good financial condition, he hopes they will do something with the University.

In relation to our

ORPHAN ASYLUM,

the Governor refers to the provision in the Constitution providing for one or more orphan houses, and recommends something done for the Oxford Orphan Asylum.

AMINISTRATION OF JUSTICE.

Under this head the Governor calls attention to the various illegalities in the State. In some of the counties, where there is a large number of colored men, many of whom are intelligent, the County Commissioners only draw white jurors. Some change is also needed in the laws regulating the detention of prisoners. Many officers, the Governor intimates, let prisoners go, in order to have a reward offered, and then rearrest and claim the reward.

On the subject of

RAILROADS,

the Governor makes an important suggestion, from which we made the following extract:

"I therefore suggest to the General Assembly the passage of an act to amend the charter of the North Carolina Railroad Company, and confer upon it the necessary power and authority to purchase the Western North Carolina Railroad and all its branches or divisions, the Cincinnati, Cumberland Gap and Charleston Railroad, and the Atlantic and North Carolina Railroad, and to build and complete the same, and when so purchased the whole to be merged into one corporation under one management, and under the name of the North Carolina Railroad Company. The Directory of the North Carolina Railroad Company, who, I am pleased to state sustain me in recommending this legislation, have an agreement in writing from the owners of the Cincinnati, Cumberland Gap and Charleston Railroad, (a portion of which from Morristown, on the East Tennessee, Virginia and Georgia Railroad to Wolf Creek in the State of Tenessee, has been finished, and is now in operation,) and from creditors and litigants of the Western North Carolina Railroad Company, in which it is proposed to sell and transfer to the North Carolina Railroad Company the whole line of road from Salisbury to Morrisstown for about one million dollars—of this line from Salisbury to Old Fort, about 113 miles have been finished, and from Wolf Creek to Morristown, about 40 miles have been finished, leaving a gap of about 75 miles of unfinished road. Of this unfinished portion, more than one-half the grading has been done. It is estimated that to build up this gap and have the whole line of railroad from Salisbury to Morristown completed and in good running order will cost about one and a half million dollars. Then it will cost about two and a half million more, to purchase and finish the road from Salisbury to Morristown, 280 miles in length, which will put us in communication by rail with Memphis."

The W., C. & R. R. R. sale is explained and, also, the Cape Fear and Deep River Navigation Works, the swamp lands, vacant lands, etc.

ON IMMIGRATION.

Suitable legislation is recommended to encouage immigration. Careful statistics are furnished, including some of the wonderful resources of North Carolina.

Legislation is recommended in relation to the

STATE AGRICULTURAL SOCIETY,

upon some amendments needed in its charter. The most important portion of the message is contained under the head of

CONSTITUTIONAL AMENDMENTS,

which we publish entire:

An election was held on the first Thursday in August last for the purpose of submitting to the people certain amendments to the constitution of the State, which had been passed, or attempted to be passed, by the Legislatures of 1870-'71-'72-'73, and which, if properly adopted, could not go into force until ratified by a vote of the people. The result of the election has not yet been officially ascertained, nor will it be until on and after the first Monday in December ensuing. Grave doubts exist in the minds of many prominent men, among them many lawyers of great learning, as to whether these amendments were enacted and submitted in the way and manner designated by the Constitution itself, in the second section of the 13th article of that instrument. I confess to you that I share in these doubts, and have serious misgivings that the requirements of the Constitution have not been complied with—either in its letter or in its spirit. I do not propose, however, to enter upon a discussion of the question, but simply to call your attention to it, so that after calm and careful consideration you may determine what is the best policy under the circumstances. Having no settled convictions on the subject, and not feeling an *absolute* certainty that the amendments have not been made in conformity to the provisions of the Constitution, I do not feel authorized to place any obstructions in the way of their becoming a finality. If it shall turn out that the legislation which has been done on this subject has been properly done, and if on comparing the vote on the first Monday in December, it shall appear that the people have adopted the amendments, then a question of grave importance arises, whether this Legislature, elected under the provisions of the Constitution of 1868, providing for annual sessions, can continue in *annual* sessions after the repeal of the provision which authorized *annual* sessions? In other words, does not the abolition of the law authorizing and establishing annual sessions, also abolish the right to *continue* in annual session after the new Constitution creating biennial sessions is proclaimed to be in force?

You, gentlemen, are here in annual session by virtue of the second section of the second article of the Constitution of 1868. You have once before been in annual session under this article. How can you then, after the first Monday in December, prolong your annual session, if the charter, by which you were authorized to hold annual sessions shall have been repealed? It will not do to say a law was passed authorizing you to meet, notwithstanding the amendment should be adopted. The Constitution is the supreme law and no statute law can override it. It is not disputed that the General Assembly may adjourn to a future specified day, instead of *sine die*, but it is not conceded that this enables it to silence the Constitution, and by artifice render nugatory its provisions. It is true that you did at your last session pass a resolution to meet again on the third Monday in November, 1873, thereby conceding that without the enabling aid of such a resolution, or enactment, you could not meet on that day if the amendment providing for biennal session should be adopted. There was no necessity for the resolution, because the Constitution, as it then stood, and as it now stands, made it imperative upon you to convene at that time, *and you could not disregard it*. Why then pass a resolve, to do what the Constitution enjoins, aye *commands* you to do? You are now here in regular annual session in obedience to the Constitution, or you are here on your own adjournment, and this is but a continuation of your last session.

Which, gentlemen, is it?

If it be a regular session as provided by the Constitution, then I am performing my duty in addressing this communication to you; but if it be only a continuation of your last sitting, then I am performing a work entirely gratuitous and not required of me by the Constitution or by the law. Believing that the resolution to which I have averted is of no binding force, I feel it to be my duty to inform you, that out of abundance of caution, it would be well to enter at once upon needful legislation, and consummate it before the day appointed for comparing and declaring the vote on the constitutional amendments, lest it may turn out, after that time, that your honorable body is *functus officio*, and all of your acts of legislation null and void.

On the subject of the PENITENTIARY the Governor has much to say; also on the subject of the Insane Asylum, Blind Asylum, Battle's Revisal, Private Corporations, Militia, &c., &c., many of which we will refer to hereafter.

LEGISLATURE OF NORTH CAROLINA.

[Condensed from the Raleigh News.]

SECOND DAY'S PROCEEDINGS.

SENATE.

TUESDAY, Nov. 18, 1873.

Senate called to order at 12 o'clock, Lieutenant Governor in the chair.

Mr. Morehead, of Guilford, introduced a bill entitled an act to establish an additional term of the Superior Court for Guilford county. Referred.

Mr. Humphrey, a bill looking to the adjustment of the State debt. Ordered to be printed and referred to the committee on the State Debt.

Mr. Humphrey, a bill empowering the Governor to authorize the holding of special terms of the Superior Courts under certain circumstances. Referred.

Mr. Cunningham, a bill making corrections in executions in certain cases. Referred.

Mr. Humphrey, a bill concerning the special term of the Superior Court for Wayne county. That nothing but civil cases be tried in the same. Referred.

Mr. Humphrey, a bill to amend sections 13 and 14, chapter 156, laws of 1868 and 1869. Referred.

Mr. Humphrey moved that the House be requested to concur in the appointment of a joint committee on the State Debt. Adopted.

Mr. Merrimon, a resolution concerning the "so-called" special tax bonds of North Carolina. Declaring the same invalid and in no way binding upon the State. Referred to the committee on the State Debt, and ordered to be printed.

Mr. Welch, a bill declaring what portion of the State debt shall be considered valid, calling for three commissioners to ascertain the State's interest in all public improvements. Referred to the special committee on State Debt, and ordered to be printed.

Mr. Welch, a resolution that the standing committees of last session be continued until otherwise ordered.—Adopted.

The House of Representatives transmitted the Governor's message with the accompanying documents.

Mr. Worth moved that the Senate do not read the Governor's message, but concur in the order to print the same with accompanying documents. Adopted.

On motion of Mr. Merrimon, the Senate adjourned until 12 m. to-morrow.

HOUSE OF REPRESENTATIVES.

TUESDAY, Nov. 18.

At 11 a. m., Mr. Speaker Robinson called the House to order.

Mr. Bennett presented a petition for certain citizens of Laurinsburg in regard to the sale of liquor. The petition was read and properly disposed of.

By Mr. McNeill: A resolution concerning the special tax bonds. The resolution declares that these bonds are invalid from the fact that in their issuance the constitutional equation of taxation had been exceeded, the limit having been largely overstepped, and that the General Assembly by which they were issued assembled under the reconstruction acts of Congress and not under the present State Constitution.—The resolution goes on to cite other grounds of objection, which will be given when action is taken on it. The resolution was placed on the calendar.

Mr. McLaurin, presented a petition from certain citizens of New Hanover county in regard to the collection of taxes, asking an extension of the time for the sale of property. The petition was placed on the calendar.

By Mr. Houstin: A bill to authorize the construction of a bridge across the Catawba river near the bridge of the W. N. C. Railroad bridge. Referred.

By Mr. McLaurin: A bill for the relief of A. R. Black, Sheriff of New Hanover county. Referred.

By Mr. Brown, of Davidson: A bill in relation to usury, no more than 6 per cent to be taken. Referred.

A message from the Governor was announced and the Private Secretary of his Excellency, Col. J. B. Neathery, came forward bearing the annual message, accompanied by the annual reports of the heads of the departments of the State government. At the conclusion of the reading of the paper, on motion, the message was transmitted to the Senate with a proposition to print the usual number, together with the accompanying documents.

By consent, Mr. Bennett: A bill to extend the time of Sheriffs and Tax Collectors to settle with the Auditor and Public Treasurer. Referred.

House adjourned to meet to-morrow morning at 10 oclock.

A girl of the period thus comments on Mormonism: "How absurd! Four or five wives to one man, when the fact is each woman in these times ought to have four or five husbands. It would take about that number to support one decently."

MARINE DISASTERS.—The schooner Webster Barnard, Captain Smith, from Fall River and bound for Jacksonville, Fla., went ashore at 3½ o'clock a. m., on Sunday, the 16th instant, about 4½ miles to the Eastward of Bogue Inlet. Capt. Smith reports a very heavy sea at the time, and states that his vessel is lying high and dry on the beach, and is perfectly safe, there being a reef which protects his vessel from the seas. Assistance will be sent to her to-day, as it is the Captain's opinion that she can be pulled off without sustaining serious injuries.

From Captain Smith, of the schooner Webster Barnard, who arrived this morning, we learn that a schooner, name unknown, from New York, with a cargo of general merchandize, and bound for Jacksonville, Fla., went ashore on Saturday, the 15th, in the vicinity of Cape Lookout, and on Monday went to pieces. Her hull and appurtenances were turned over to the Underwriters' Agency, and will be sold some time during the present week.

"Evidence accumulates that Cuban matters will require much correspondence and delay. No complications need be feared, as the administration sees its way clear; and while war will be avoided, Cuba will be free."

The Postmaster General's views upon the postal bank and postal telegraph are looked for with great anxiety. It is understood he will urge both.

It is understood that Secretary Fish has made an imperative demand upon Spain for the immediate restoration of property sequestrated from American citizens in Cuba, as he desires to report to Congress that the stipulated restoration has been made.

VICKSBURG, Nov. 20.

The barge Belle, of Alton, was burned with 1,200 bales of cotton, and 4,000 packages of sundries.

NEW YORK.

NEW YORK, November 19.

The officers of the Moro Castle report that on their arrival at Havana that vessel was boarded. While aboard the passengers were unmolested, but seized upon landing. Six of seventeen steerage passengers were arrested, but discharged after being searched. The Spanish officers explained that they were suspected of bearing dispatches.

The persons for whom they were searching came on the City of New York. She was boarded upon her arrival, and the passengers seized and searched. Six were declared guilty, of whom three were women. Extensive correspondence was found secreted about their persons. One was the niece of Almada, who had attracted attention during the passage by her great beauty and brilliant conversational powers. The prisoners were confined in the cabin. Their fate was unknown when the Moro Castle left.

The Bambalier express agent attempted to throw some papers out of the window, but they were discovered and he was at once condemned to death.

By an extensive correspondence, which had been seized, many persons on the island, hitherto unsuspected, were implicated, and as the Moro Castle left Havana they were being shot without mercy. It was estimated that about forty patriots, on various portions of the island had met this fate. In the meantime the most extensive preparations for the reception of the Tornado was going forward in Havana. The Captain and Engineer were lauded to the skies, and admiration for their heroism and valor was unbounded. Subscriptions in their behalf met with a generous response everywhere, and papers were circulated to the most distant parts of the island. In the meantime the General of Marines, or Admiral, addressed the people, saying that the officers had only done their duty and desired no public demonstration. They were paid for it by the navy in whose service their glorous deeds had been accomplished. But the people and press took different grounds. The heroes had accomplished achievements in behalf of the people. They belonged to the people and the people were determined that they should not go unrewarded.

The following is an extract from a private letter from Cuba on Monday: On the 6th inst., at 5 p. m., Capt. Gen'l Jovellar telegraphed to Burreil that the Spanish Minister at Washington advised him not to shoot any more men. Said telegram was received by Burreil at Santiago de Cuba early on the 8th, and on the 10th he shot the 57 men. Gen. Jovellar says that he comprehended the necessity of saving the lives of these men but was overruled.

WEEKLY REVIEW
—OF THE—
WILMINGTON MARKETS.

The financial condition is somewhat improved, and increasing confidence is felt in commercial circles. General business prospects are more hopeful, but the injurious stringency of currency, caused by the persistent withdrawal from circulation and the timidity of holders, checks trade in its various branches.—Holders of money are reluctantly and meagerly putting their currency into circulation, and it is to be hoped that with the daily regainings by the banks of withdrawn capital, that the present high rate of interest will be reduced, and the great want of currency and the still greater trouble of borrowing will be alleviated to a very considerable extent. An exchange says:

The salient features of the financial situation are steadily increasing monetary ease, a sharp advance in gold—partly the result of an anticipated reissue of the forty-four millions of retired greenbacks, consequent upon the falling off in the public revenue, and partly the result of the Cuban complication—the rise in exchange, and much more cheerful cable advices from London, all of which has conspired to assist the export trade and strengthen produce prices. The money market, too, shows increasing ease. Our local banks now hold upwards of twenty-seven and a half millions of greenbacks and, as the reserves are steadily increasing, there is every indication that during the closing weeks of the year we shall have an exceptionally easy money market. Already the supply of funds is so ample, and confidence so far restored, that call loans are readily obtainable on sound collateral at 4@7 ₱ cent., while prime mercantile paper is selling quite freely at 12@15 to 18 ₱ cent. per annum. Although the home trade is far from being active, there is a notable improvement in some branches The material decline in prices during the Autumn is at length beginning to inspire confidence, and distributers are purchasing with much more freedom than for many weeks. This course is liberating quite a large amount of currency, which flows at once into the channels of business. Every dollar that is put out in a legitimate way helps to relieve stringency, dispel distrust, and to aid by its influence the bringing out of other dollars which answer the same benificent purpose. The trouble has not been the want of money in the country, for it is acknowledged there is as much now as there has been at any time in a twelve month, but it has been owing to an unwillingness on the part of its possessors to let it flow in the customary channels. Happily the disposition to bring out from their concealment the treasures which have been locked up under the influence of distrust, is rapidly increasing, and from this time forth we look for a gradual amelioration in the condition of monetary and business affairs.

COTTON—The unfavorable condition which of late has surrounded this staple, has in a measure been alleviated by the decided change in money matters, which has had a tendency to relieve the pressure under which Cotton has been laboring, and as a sequence of the relief, prices have again advanced ¼ cent during the last three days of our review week. On Friday the market opened at an advance of ¼ cent for middling, and maintained the advance until Monday, when it was affected by adverse telegraphic news and declined.—On Tuesday, under a good shipping demand in our market, it regained the decline of the day before, and to-day the market closes quiet at the following quotations:

Ordinary,	11½ cents ₱ lb
Good Ordinary,	12½ " "
Strict Good Ordinary,	13⅛ " "
Low Middling,	13½ " "
Strict Low Middling,	13¾ " "
Middling,	14 " "

The receipts for the week foot up 891 bales against 392 bales of last week.

The N. Y. Weekly Cotton Circular published under date of Nov. 14th, says:

The decided improvement during the week in financial affairs has in a measure lifted the burden under which cotton was laboring, and as a consequence of the relief prices have risen again. In fact, we have had a steadily advancing market all the week, and at the close middling uplands were quoted at 15¼ cents, against 13⅜c. last Friday, an advance of 1⅞c. against a decline the week previous of 1⅝c. The business done has been mainly for export, but there has been some increase in the demand for consumption and a slight revival of speculation. Holders began to advance their pretensions last Saturday, when quotations were marked ⅛c. higher, and on Monday another ⅛c. On Wednesday quotations were further advanced ⅛c., and on Thursday ⅛c. without checking the demand. To-day holders made a still further advance of ⅛c, but at the close quotations were nominal, buyers having retired. The higher quotations to-day were mainly the result of the higher gold premium. For future delivery the upward movement has been even more decided than for cotton on the spot, but the course of prices has been quite irregular and subject to violent fluctuations. Parties that were short have at times seemed to be in quite a panic to cover their contracts, but apparently soon recovering courage have overloaded buyers with free sales. On Monday last the difference between highest and lowest prices of the day averaged about ⅜c. per lb., and this was repeated on Wednesday and Thursday. Thursday the market lacked support soon after the opening, but after the second call there were large orders for December and January received from the South, and prices touched 1⅛ a 2⅛c. above the lowest prices of last week, the later months having previously advanced. To-day there was renewed excitement and a further advance, not, however, without irregularities. The leading business was for January, but the greatest advance was for the spring months, the highest prices of the day being 15⅜ for November, 15 7-16 for December, 15⅞ for Jaunary, 16 for February, 16¼ for March, and 16½ for April, but the close showed considerable decline from these figures. After change the following were the closing prices: For December 15 1-16, for January 15¼, for February 15⅜, for March 15 13-16, and for April 16 3-16. The total sales of this description for the week are 176,950 bales, including —— free on board. For immediate delivery the total sales foot up this week 12,123 bales, including 7,527 for export, 3,323 for consumption, 773 for speculation, and 500 in transit. Of the above 429 bales were to arrive.

SPIRITS TURPENTINE—As noted in our last, the speculative demand for this article is much less and trade has recently been confined to a more healthy basis, consequently the fluctuations are less frequent. At the beginning of our review week the market opened at an advance of 1 cent. On Monday a very firm feeling was evinced and during the forenoon an advance of ½ cent was made. Later in the day a further advance of ½ cent was noted and at this advance the market remained firm up to to-day when it declined to 36½ cents, at which figures closes firm. The receipts for the week foot up 1,518 casks against 1,437 casks of last week.

ROSIN.—As was the case last week, there was but a light demand for any grades of this article, and Strained was the only quality that received any attention whatever, and that only to a very meagre extent. The market opened steady at $2 25, the closing figures of our last review for Strained, and on Saturday under favorable advices from abroad and the firmness in our market caused by the advance of spirits, rosin advanced $2 30 and remained quiet to the close of our review. The receipts foot up 8,802 bbls against 10,376 bbls of last week.

CRUDE TURPENTINE.—The market for this article ruled steady during the week, and receipts found ready purchasers at the daily quotations. The prices opened as at the close of our last review, $1 80 for Hard and $2 65 for Yellow Dip—and continued steady until Monday when Yellow Dip under an increase local demands advances to $2 75, at which price the market closes with a firm feeling. The receipts and sales for the week foots up 1,235 bbls, 1,053 bbls of last week.

TAR—In this article we have a better feeling and an advance of 25 cents for the week to note. The market opened quiet, at $2, the closing figure of our last review and remained in a dormant state until Monday when a firmer feeling was evinced and an advance of 15 cents was affected, a gain on Wednesday a further advance of 10 cents was noted. The market closes firm today at $2 25. The sales and receipts as posted on the bulletin boards of the Produce Exchange foots up 490 bbls against 550 bbls for the last review week.

PROSPECTUS.

THE

EVENING POST.

J. C. MANN,

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,

BY MAIL,

COMMERCIAL

AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the POST is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,

AGRICULTURAL,

MECHANICAL, or

COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.
